ENCYCLICAL ON THE ENVIRONMENT

In his encyclical on creation care, Pope Francis highlights “integral ecology” as the basis of the conversion we are all called to in order to save our common home from destruction. “Integral ecology” is the profound, fundamental interconnection between God, human beings, and all the rest of creation. With Pope Francis we pray, “Triune God... Give us the grace to feel profoundly joined to everything that is.” As we reflect on our relationship to life-giving water, the air we breathe, the ground we walk on, let us think of actions that we can take locally to protect the air, water and land for the generations to come. We might consider supporting legislative bills of our city, county or state that will serve to do this.
